If you could change something in your life, what would it be?

Your luck perhaps? Wealth? To travel more?

Maybe even attract more money,
loving relationships, a great career
or just simply to be happier?

It's something that a lot of us wish we could do,
and I believe that everyone has the right
to experience this kind of happiness.

The trouble is, people seem to think
it's something so difficult to achieve
(you probably thought this too).
Well, I'm here to tell you,
it's not...

...You can start to transform your life
into the one you've always wanted.

Just think about that for a second.

The way to a healthier, happier and
more abundant life is now in your
hands and the pages that follow.

It will teach you how feng shui can really help
you get the most from life and guide you to living
the one you really deserve.

Welcome to the exciting world of Feng Shui.

A world that can help you to truly enhance your life...
...your journey has just begun.

An Introduction to Feng Shui

You've probably heard of the term 'feng shui' but you might be wondering, what does it really mean? I bet you didn't know that feng shui is an easy and fun practice that can help you live a better life!

Part 1 is designed to give you a thorough understanding in the basics of feng shui, what it actually is, its history and how exactly it can help you have a greater life, so let's begin!

Chapter 1

Feng Shui 101

If you move past the usual images that people relate to feng shui like old Chinese gurus, fountains and golden frogs, then you should be able to see clearly that feng shui can bring you a lot more than just a physically pleasing surrounding but you can also use this environment to help attract great positive changes in many areas of your life. It can help you to achieve simple things like getting better sleep at night and at the same time help you to welcome huge changes, like bringing you the love that you've been waiting for or even inviting more wealth and health into your life!

Feng shui is sometimes interchanged with interior decorating, and in a way it's related to that, but it's so much deeper than re-arranging things to make it look prettier and more presentable.

It relies on the correct positioning and placement of things in a given space to enhance energy flow. When using feng shui, you have to keep in mind that it goes beyond the physical environment, the balance should be external and internal as well. Personal balance is
